OFFICE, BROOM HOTEL; TELEPHONE 111; OFFICE HOURS 9 A. M. TO 10:30 A. M., 5 P. M. TO 8 P. M.

### CARL SHURTLEFF TAKES OVERDOSE OF MORPHINE

#### Drug Was Taken With Suicidal Intent, and Death Follows Shortly After.

Special to The Tribune.

OGDEN, Aug. 28.—Without ever regaining consciousness from the effects of an overdose of morphine hypodermically administered by his own hands, with evident suicidal intent, Carl Shurtliff, a young man twenty-four years of age, breathed his last at the Ogden general hospital shortly after 3 o'clock Friday afternoon, where he had been taken for treatment.

Shurtliff was found in an unconscious condition by Patrolman Erickson, in the rear of the Pacific saloon on Twenty-first street, shortly after 11 o'clock, Friday morning. Seeing that the man was suffering from a common trouble, the officer hastily summoned the patrol wagon and Shurtliff was taken to the police station, where restoratives were applied by City Physician Brown and Dr. Elch. He failed to respond to the treatment, however, and was later moved to the hospital, where he died without regaining his senses.

Young Shurtliff was well known in this city. He was the son of Albert D. Shurtliff, of 570 Twenty-fifth street, and his family was well respected. For some time past the young man has been "building the candle at both ends," and has caused his family and friends considerable anxiety and the police some trouble. For the past few days his whereabouts have been unknown to his parents and the members of his family, although a search had been maintained for him. He is supposed to have become dependent after imbibing too freely of liquor, and decided upon the morphine course to end his life.

### UNION LABOR ENTERS PROTEST TO THE BOARD

Special to The Tribune.

OGDEN, Aug. 28.—Organized labor, by its representatives, was heard in a protest before the board of education tonight against the employment of non-union labor on the proposed new high school building. M. W. Williams, who is spokesman for the local trades and labor assembly, he asked the board to let the contract for the erecting of the new high school to a contractor who shall first pledge himself to employ only union men in its construction and to the satisfaction of the board of education. Mr. Williams and other representatives of organized labor, the board decided to refer the protest to the building committee.

Owing to the recent election of W. H. Williams as a member of the board to fill the vacancy caused by the resignation of Dr. R. R. Joyce, it became necessary for the president to rearrange the personnel of the various committees, which were named as follows: Finance committee, M. S. Browning and W. H. Williams; teachers' committee, H. W. Williams and Asael Farr; supplies committee, M. S. Browning and Asael Farr; law committee, W. H. Williams and T. H. Carr.

The purchase of an adding machine for the commercial department of the high school was referred to the supplies committee with power to act.

The finance committee reported that there is now \$335.21 in the treasury.

The following new teachers were elected for the city schools: Lulu Mitchell, Margaret Shipley, Hanna Powell and Lucile Farr.

### ITALIAN LABORERS NARROWLY ESCAPE DEATH

Special to The Tribune.

OGDEN, Aug. 28.—News reached this city Friday of the narrow escape from death of a gang of Italian laborers, who came near being run down by a fast passenger train on the long bridge over the river at Devil's Gate, Thursday evening.

The men were part of a construction gang employed by the J. P. O'Neill Construction company in the installation of an electric system for the Utah Light and Power company.

The men were in charge of Foreman Frank Wadsworth, when suddenly the train swept around the curve onto the bridge, threatening the terrified Italians with sudden death. But for the quick action of Mr. Wadsworth several fatalities would have resulted, as he hurriedly threw the frightened men attempted to run, when he caught them and dragged them to one side of the bridge just as the monster locomotive flew by in a cloud of dust.

This particular crossing is dreaded by all who live in the country, as it is said to be impossible to see the approach of a train until it is within a few feet of the bridge.

### VIGILANT SEARCH BRINGS NO CLUE OF MISS HAILEY

Special to The Tribune.

OGDEN, Aug. 28.—Notwithstanding a vigilant search has been made by the family, and the police and sheriff have each made inquiries, no trace has been found which will lead to the locating of Leonard Murdock Hailey, the young woman who left her home in this city last Wednesday.

After hitching up the family horse and packing away all her best clothes and personal effects, the girl drove away from the residence before the return of her mother, who was visiting a neighbor. For some time, it is said, the girl had complained of her home surroundings and threatened to leave. She is believed to have made her way unobserved to some out-of-the-way section of Weber county.

### For Your Breakfast

The Tribune is now reaching Ogden on the special newspaper train on the Bamberger road, at 6:20 every morning. It can be delivered to you for breakfast. Don't you think you can start the day better equipped if you get a look at all of the world's news before you leave home? Phone the Ogden branch manager. He'll do the rest.

### FALLS UNDER CARS AND IS SERIOUSLY INJURED

Special to The Tribune.

OGDEN, Aug. 28.—In attempting to board a freight train at Teek, which is a small station near Lucin, Alex. Paderny, a section man in the employ of the Southern Pacific railroad, fell between the cars late Wednesday afternoon and sustained severe injuries, which will leave him a cripple for life.

In falling his right leg fell across the rail and the wheels of the cars passed over the ankle, crushing it into a pulp. The injured man was brought to the hospital in this city and it is probable that amputation will be necessary to save his life.

### C. C. BIBBS IS HELD FOR GRAND LARCENY

Special to The Tribune.

OGDEN, Aug. 28.—Charged with grand larceny, C. C. Bibbs was held for the District court by Judge Murphy in the police court Friday morning.

Bibbs is charged with the theft of jewelry valued at \$70, from the room of Mrs. Mattie Malloy in the Bennett block, July 15. After the court had listened to the testimony of several witnesses at the preliminary hearing, Friday morning, he ordered the defendant taken into the custody of the sheriff under a \$500 bond.

### HE BUILT THE FIRST STREET CAR SYSTEM

Special to The Tribune.

OGDEN, Aug. 28.—John C. Levitt, one of the old pioneers of this state, was a visitor in Ogden, Friday.

Mr. Levitt is spending a short time in the city with his son, Jule Levitt, who is manager of the Wasatch canning factory. The elder Levitt enjoys the distinction of being the builder of the first street car system which was erected in Ogden, and operated as a horse car line for many years. He now makes his home at Garland, and is remembered by most of the older residents of this city.

### OGDEN BRIEFS

Special to The Tribune.

OGDEN, Aug. 28.—A license to marry was issued by the county clerk Friday to James G. Miller and Elizabeth Browning, both of Ogden.

According to the report of the board of education, filed with the county clerk Friday, there are 727 children eligible to school duties between the ages of six and eighteen years residing in this city. This report is based on the statement issued by the school enumerators.

### FRANK METISH, AUSTRIAN, STABS FELLOW-COUNTRYMAN

Special to The Tribune.

BINGHAM, Aug. 28.—While crazed with drink, Frank Metish, an Austrian, tried to stab one of his fellow countrymen named Mike Zugle, Friday night, in the latter's cabin in that portion of town known as Highland Box. Officers were notified of the trouble and Deputy Sheriff J. O. Forbes and Chief of Police J. W. Grant arrested Metish.

Metish had been feeling between the men for some time, and Friday night, while drunk, Metish went to Zugle's cabin and called for him. Zugle came and as Zugle stepped through the door Metish made a dash at him with a knife, cutting a gash between his thumb and fingers on the left hand.

Seeing that the man was in a dangerous mood, Zugle jumped into his cabin and closed the door, then began shouting for help. Metish prowled around the cabin, trying to break into it, saying that he wanted to cut up Zugle's boys. The mother was crouching in one corner holding tightly to the child when the police arrived, while the father was guarding windows and the door.

Although other Austrians gathered about, they made no attempt to stop Metish in his wild doings, but the police soon dispersed the crowd and took Metish to the Bingham jail.

### TWO CITIES ARE AFTER THE HEADQUARTERS

Special to The Tribune.

BOISE, Idaho, Aug. 28.—It is said that Nampa is endeavoring to have the headquarters of the reclamation service for Idaho removed from Boise to that city. It is hardly probable that a change will be made by the government officials at this time. Boise is centrally located and is easily accessible from all points interested in the matter of irrigation, in so far as the government is concerned, and a change would not in the least improve the service. Caldwell is also in the race for the permanent headquarters of the reclamation service.

### BRIGHAM CITY NOTES

Special to The Tribune.

BINGHAM, Aug. 28.—A telegram was received in this city last night that Jim Pitt, a well-known gambler, had been killed in a fight in the Bear river valley. He was a terrible shock to Mrs. Pitt.

About 500 visitors were in the city yesterday celebrating Malad day. About 300 came down from Malad and the others from Garland and Tremonton, and other towns in the Bear river valley. R. Kistner arranged the celebration and extensive preparations had been made to entertain the visitors. Valuable prizes were given to members of different lodges. In the forenoon a baseball game was on between a picked nine of Bingham and a Malad team. In the afternoon a game was played by Willard and Garland, which resulted in a draw. In the evening a band concert was given, two electric theaters thrown open and a dance at the Academy of Music, which furnished ample amusement for the visitors. A special train left at midnight for Malad and intermediate points.

### Mt. Pleasant News

Special to The Tribune.

MOUNT PLEASANT, Aug. 28.—Mrs. Jacob Johnson, assisted by her daughters the Misses Ada and Cora, gave a shower yesterday afternoon in honor of Miss Edith Larsen of this city. Those present were the Misses Alvora, Mary E. Allred, Leolaette Christensen, Winnie Candland, Ella Nielson, Winnie Jensen, Beatrice Edickson, Andrew Hansen and Miss Edith Larsen, Mesdames James Larsen, F. C. Jensen, A. Aldrich and A. Iverson. Miss Larsen will be married on September 2 to Harold Robinson of Salt Lake City.

The funeral of Mrs. Henry P. Olson was held today at 2 P. M. in the local cemetery. Deceased was the mother of four children, the last one being a babe only four days old. This is the second funeral in the Olson family within two weeks, in each instance the mother being taken away, leaving several little children motherless.

Rev. N. E. Clemenson and family have been here during the week, guests of Mrs. Abner Crane, a sister of Mr. Clemenson.

Mrs. J. A. Anderson of Fort Collins, Colo., is here this week, the guest of Mr. and Mrs. L. P. Nelson.

### SPRINGVILLE NOTES

Special to The Tribune.

SPRINGVILLE, Aug. 28.—A mass meeting of citizens was held last night at the request of J. R. Bleacher, president of the Utah-Karna Tunneling Machine company, to consider the advisability of requesting the government to investigate the merits of the Karna machine with the view of installing a machine on the Strawberry irrigation project. Mr. Bleacher was present and addressed the citizens, and obtained a signature petition to the reclamation service, asking them to investigate the machine. Mr. Bleacher claimed that the big tunneling machine could be built at least two years sooner, and at less cost. A committee of six was appointed to circulate the petitions in Springville and Mapleton.

The excavation for the basement of Springville's new high school building is now completed, and work has commenced on the cement foundation.

### PROVO NEWS NOTES

Special to The Tribune.

PROVO, Aug. 28.—The case of the Surprise Mining company against the Mining and Smelting company of Utah is being heard in the Fourth District court today. The plaintiffs have a lease on the Surprise mining claim, owned by the defendants, in American Fork canyon. They claim to have been ousted from the ground and are suing for damages. The case is being heard by Judge J. W. Grant.

County Clerk Elias Gee has submitted the following statement of county property: Four-fifths interest in court-house and grounds, and entire interest in the county jail and sheriff's residence, \$25,000.00; County infirmary and grounds, \$5,000.00; Gravel beds, 1,000.00; Due from state for road and bridge, 2,361.15; Cash on hand June 30, 234.34.

Total, \$99,585.49.

Warrants outstanding June 30, \$4,246.34. Value of county resources over all indebtedness, \$1,102.15.

### WILL EXPEND \$250,000 ON GOLD DEVELOPMENT CO.

Special to The Tribune.

RICHFIELD, Aug. 28.—Since the recent visit of the official Utah Gold Development company, whose property is located at Marysville, there has been much speculation as to the outcome of the visit. A Mr. Maynard has been in Richfield looking over matters and has also spent considerable time at the Gold Development company's property, and the mining proposition appeals to him, but to turn it into money a vast expenditure will be necessary. A large amount will be expended for equipment in Bullion canyon. Nearly \$250,000 will be spent within the next few months.

An electric plant will be installed of 600-horsepower capacity, 200 horsepower of which will be used in the mine. The Gold Development property, the remainder to be sold to the other mining companies. The construction of an aerial tramway the entire length of Bullion canyon, which will handle from fifteen to twenty tons of ore per hour, is another proposition. Thus a cheap method of transporting ore will be instituted.

Within the next month a force of twenty-five men will be employed, and as the work of development progresses the force will be increased, and it is expected to have a force of 100 men by spring.

The company is not expecting much high-grade ore, but will be content with ore carrying values of \$2 to \$3, and the proposed mill will run through about 200 tons daily.

Mr. Maynard said that his company has other surprises in store for this section, the nature of which he was not at liberty to divulge at present.

### GIRL IMPALES HERSELF ON A PICKET FENCE

Special to The Tribune.

RICHFIELD, Aug. 28.—A serious accident occurred Tuesday to the thirteen-year-old daughter of W. C. B. Orrock. The girl, in company with a companion, was endeavoring to reach some apples on a tree and was standing on a picket fence. She lost her balance and a horrible wound, three inches long and an inch wide, was inflicted. The girl displayed a wonderful amount of nerve. Knowing that she was held fast to the fence she calmly asked her companion to assist her to raise herself, and by that assistance succeeded in freeing herself from the fence. She lay on the ground for a few minutes and when further assistance reached her insisted on walking to the house, but fell before she reached there. It required ten stitches to close the wound.

**HORACE E. NEAL TO BE TRIED OCTOBER 2**

**TOUCHED A GIRL FOR A FIVE DOLLAR BILL**

Special to The Tribune.

BOISE, Idaho, Aug. 28.—The case of Horace E. Neal, former cashier of the Capital State bank of Idaho, has been set for trial on October 12, in the District court for Ada county. The state has three charges against Mr. Neal, two for forgery and one for false entries on the books of the bank.

A young fellow twenty-four years old was arrested at 11:15 Friday night by Policeman Charles W. Olson on the charge of stealing \$5 from a girl on Commercial street.

At the police station he gave his name as O. H. Reed. Reed had quite a bunch of money with him, but at first refused to put any of it up for bail. After being taken out to the jail door he changed his mind and said that he would bail himself out. So \$25 was taken from him and the man released. He appears Saturday morning in court.
